

AGIG Biomethane Injection Enquiry Form

If you would like to discuss the potential of injecting biomethane as part of your project, please complete and submit this form to renewablegas@agig.com.au

Project Background

Project company owner

Project name

Project location - GPS coordinates (if available)

Contact person

E-Mail address

Potential Volume of Raw Biogas m³/hr

Potential Upgraded Biomethane Volume m³/hr

Potential Total Biomethane Injection TJ/a

Forecast Gas to Grid Date

Expected life of project

AGIG Biomethane Injection Enquiry Form

Continued

Please submit this form to renewablegas@agig.com.au

Site Plan Provided (include location of gas connection)

Yes No

Type of Biogas source (Tick below)

- Landfill
- Agricultural Waste
- Wastewater
- Food and Organic Waste

Nature of Production (Tick below)

- Constant
- Cyclic
- Variable
- Seasonal

Is there an existing gas connection?

Proposed grid injection pressure range
